Placentia - first settled by French, as in January, 1540, Francois de la Roque Seigneur de Roberval, received a Patent, creating him Governor of Norembegue, Viceroy & Lt General in Canada, Hochelaque, Saguenay, Tadoussac, Terre Neuve, Belle Isle, Carpon, Labrador, La Grande Baie, & Baccalieu (the Coast north & south of Bonavista.)
The most dangerous part of the Coast, owing to the strong and varying currents which set from the westward, and are felt 20 Leagues to the S.W. of Cape Pine. Several men of war, a Transport, & many merchant vessels have been lost about St Shotts and Cape Pine.
